Our Mission Statement

Growing Stronger Together in God’s Love

Luke 1:37 For with God, nothing shall be impossible

Together we grow stronger, believing that with God nothing is impossible. This extends across all we do; academically, spiritually and emotionally. By the end of their journey, we want our children to be respectful, resilient role-models, having a self-belief in themselves and abilities, ready to go from strength to strength and be truly ready for the next step in their learning journey. This is brought together through our core values of koinonia, compassion and love.

Proverbs 22:6 Start children off the way they should go.

Here at All Saints’, we believe that starting children off the way they should go starts here. In our school community, we are proud of our All Saints’ family feel. The central element of being a family, the true meaning of koinonia, is interdependence and at All Saints’, every one of us is needed and valued and each person is important to the whole.

Ephesians 4:32 Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you.

At All Saints’ we look for compassion within ourselves so we care for others and help them. For ourselves, we try to be honest about our mistakes so we can change and improve. We accept that sometimes mistakes can be made and that these mistakes need to be forgiven. Forgiveness was at the heart of everything Jesus did and is at the heart of the Lord’s Prayer, which we say daily.

1 John 4:19-21 We love because he loved us first.

We understand the love of God is boundless. The love within our school is one of family and friendship. We believe friendship enables each child to grow and ensures that the unique individuality of each person is recognised, allowing them to flourish. In our Worship, we thank God for his love; he is the One who created
The Acceptable Use of the Internet and related Technologies

Our e-Safety Policy has been written by the school, building on the London Grid for Learning (LGfL) exemplar policy and Becta/ UKCCIS guidance. It has been agreed by the Headteacher and all teaching staff and approved by Governors. It will be reviewed annually due to the rapid change and pace of modern technologies.

Updated by: C.Mumme

Date: Feb 2019

To be revised: Feb 2020

Approved:
Rationale

The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at All Saints’, with respect to network or internet linked technologies.
- Safeguard and protect the children and staff.
- Assist school staff working with children to work safely and responsibly with the Internet and other IT and communication technologies and to monitor their own standards and practice.
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use for the whole school community.
- Have clear structures to deal with online abuse such as online bullying [noting that these need to be cross referenced with other school policies].
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- Minimise the risk of misplaced or malicious allegations made against adults who work with students.

This policy has been written in line with the most recent ‘Keeping Children Safe in Education’ statutory guidance (September 2018). It also reflects the contents of ‘Working together to safeguard children’ (September 2018)

The main areas of risk for our school community can be summarised as follows:

Content:
- Exposure to inappropriate content
- Lifestyle websites promoting harmful behaviours
- Hate content
- Content validation: how to check authenticity and accuracy of online content

Contact:
- Grooming (sexual exploitation, radicalisation etc.)
- Online bullying in all forms (including peer on peer abuse)
- Social or commercial identity theft, including passwords

Conduct:
- Aggressive behaviours (bullying)
- Privacy issues, including disclosure of personal information
- Digital footprint and online reputation
- Health and well-being (amount of time spent online, gambling, body image)
- Sexting/sexual harassment or abuse – including peer on peer abuse
- Copyright (little care or consideration for intellectual property and ownership)

Scope
This policy applies to all members of All Saints’ community (including staff, pupils, volunteers, parents/carers, visitors, community users) who have access to and are users of All Saints’ IT systems, both in and out of school.

Roles and responsibilities

<table>
<thead>
<tr>
<th>Role</th>
<th>Key responsibilities</th>
</tr>
</thead>
</table>
| Headteacher/ Designated Safeguarding Lead and deputy DSL | • To lead a ‘safeguarding’ culture, ensuring that online safety is fully integrated with whole school safeguarding.  
• To take overall responsibility for online safety provision  
• To take overall responsibility for data management and information security (SIRO) ensuring school’s provision follows best practice in information handling  
• To ensure the school website includes relevant information.  
• Must be adequately trained in offline and online safeguarding, in-line with statutory guidance and relevant Local Safeguarding Children Board (LSCB) guidance  
• To ensure the school uses appropriate IT systems and services including, filtered Internet Service, e.g. LGfL services  
• To be responsible for ensuring that all staff receive suitable training to carry out their safeguarding and online safety roles  
• To be aware of procedures to be followed in the event of a serious online safety incident  
• To ensure Governors are regularly updated on the nature and effectiveness of the school’s arrangements for online safety |
• Promote an awareness and commitment to online safety throughout the school community
• Ensure that online safety education is embedded within the curriculum
• Take day to day responsibility for online safety issues and a leading role in establishing and reviewing the school’s online safety policy/documents
• To ensure that all staff are aware of the procedures that need to be followed in the event of an online safety incident
• To ensure that online safety incidents are logged as a safeguarding incident
• Facilitate training and advice for all staff
• Oversee any pupil surveys / pupil feedback on online safety issues
• Liaise with the Local Authority and relevant agencies
• Is regularly updated in online safety issues and legislation, and be aware of the potential for serious child protection concerns

Governors

• To ensure that the school has in place policies and practices to keep the children and staff safe online
• To approve the Online Safety Policy and review the effectiveness of the policy
• To support the school in encouraging parents and the wider community to become engaged in online safety activities

ICT team

• To oversee the delivery of the online safety element of the Computing curriculum

School Office manager

• To manage the school’s computer systems, ensuring
  - school password policy is strictly adhered to.
  - systems are in place for misuse detection and malicious attack (e.g. keeping virus protection up to date)
  - access controls/encryption exist to protect personal and sensitive information held on school-owned devices
• That they keep up to date with the school’s online safety policy and technical information in order to effectively carry out their online safety role and to inform and update others as relevant
• To keep up-to-date documentation of the school’s online
| security and technical procedures | Exit strategy  
To terminate LGFL email accounts when staff end their employment with the school. |

| Wandsworth ICT Support           | To ensure appropriate backup procedures and disaster recovery plans are in place  
That the use of school technology and online platforms are regularly monitored and that any misuse/attempted misuse is reported to the DSL  
To report online safety related issues that come to their attention, to the DSL |
| Teachers                         | To embed online safety in the curriculum  
To supervise and guide pupils carefully when engaged in learning activities involving online technology (including, extra-curricular and extended school activities if relevant)  
To ensure that pupils are fully aware of research skills and are fully aware of legal issues relating to electronic content such as copyright laws |
| All staff                        | To report any suspected misuse or problem to the DSL  
To maintain an awareness of current online safety issues and guidance e.g. through CPD  
To model safe, responsible and professional behaviours in their own use of technology |
| All volunteers and supply teachers. | To comply with the schools’ Online Safety Policy  
To model safe, responsible and professional behaviours in their own use of technology  
To report any suspected misuse or problem to the DSL |
- To maintain an awareness of current online safety issues and guidance e.g. through CPD

**Exit strategy**
- At the end of the period of employment to return any equipment or devices loaned by the school. This will include leaving PIN numbers, IDs and passwords to allow devices to be reset, or meeting with line manager on the last day to log in and allow a factory reset.

<table>
<thead>
<tr>
<th>Pupils</th>
<th>Parents/carers</th>
<th>External groups including parent groups</th>
</tr>
</thead>
</table>
| - To understand the importance of adopting safe behaviours and good online safety practice when using digital technologies out of school and realise that the school’s online safety policy covers their actions out of school  
- To know what action to take if they or someone they know feels worried or vulnerable when using online technology  
- To understand the importance of reporting abuse, misuse or access to inappropriate materials  
- To contribute to any ‘pupil voice’ / surveys that gathers information of their online experiences | - To consult with the school if they have any concerns about their children’s use of technology  
- To support the school in promoting online safety | - To support the school in promoting online safety  
- To model safe, responsible and positive behaviours in their own use of technology |

**Communication:**
The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted in the school staffroom and on the server  
- Policy to be part of school induction pack for new staff.  
- Regular updates and training on online safety for all staff.

**Handling Incidents:**
- The school will take all reasonable precautions to ensure online safety.
• Staff and pupils are given information about infringements in use and possible sanctions.
• DSL acts as first point of contact for any incident.
• Any suspected online risk or infringement is reported to DSL that day
• Any concern about staff misuse is always referred directly to the Headteacher, unless the concern is about the Headteacher in which case the compliant is referred to the Chair of Governors and the LADO (Local Authority’s Designated Officer).

Handling a sexting / nude selfie incident:
UKCCIS “Sexting in schools and colleges” should be used. This extract gives the initial actions that should be taken:
There should always be an initial review meeting, led by the DSL. This should consider the initial evidence and aim to establish:
-Whether there is an immediate risk to a young person or young people When assessing the risks the following should be considered:
  -Why was the imagery shared? Was the young person coerced or put under pressure to produce the imagery?
  -Who has shared the imagery? Where has the imagery been shared? Was it shared and received with the knowledge of the pupil in the imagery?
  -Are there any adults involved in the sharing of imagery?
  -What is the impact on the pupils involved?
  -Do the pupils involved have additional vulnerabilities?
  -Does the young person understand consent?
  -Has the young person taken part in this kind of activity before?

• If a referral should be made to the police and/or children’s social care
• If it is necessary to view the imagery in order to safeguard the young person – in most cases, imagery should not be viewed
• What further information is required to decide on the best response
• Whether the imagery has been shared widely and via what services and/or platforms. This may be unknown.
• Whether immediate action should be taken to delete or remove images from devices or online services
• Any relevant facts about the young people involved which would influence risk assessment
• If there is a need to contact another school, college, setting or individual
• Whether to contact parents or carers of the pupils involved - in most cases parents should be involved

An immediate referral to police and/or children’s social care should be made if at this initial stage:
  1. The incident involves an adult
  2. There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
  3. What you know about the imagery suggests the content depicts sexual acts which are unusual for the young person’s developmental stage, or are violent
  4. The imagery involves sexual acts and any pupil in the imagery is under 13
5. You have reason to believe a pupil or pupil is at immediate risk of harm owing to the sharing of the imagery, for example, the young person is presenting as suicidal or self-harming

- If none of the above apply, then a school may decide to respond to the incident without involving the police or children’s social care (a school can choose to escalate the incident at any time if further information/concerns come to light).
- The decision to respond to the incident without involving the police or children’s social care would be made in cases when the DSL is confident that they have enough information to assess the risks to pupils involved and the risks can be managed within the school’s pastoral support and disciplinary framework and if appropriate local network of support.

**Reviewing and Monitoring Online Safety**

The online safety policy is referenced within the Safeguarding and Child Protection Policy.

- The online safety policy will be reviewed every 3 years or when any significant changes occur with regard to the technologies in use within the school
- There is widespread ownership of the policy and it has been agreed by the SLT and approved by Governors. All amendments to the school online safety policy will be disseminated to all members of staff and pupils.

**Education and Curriculum**

**Pupil online safety curriculum**

This school:

- has a clear, progressive online safety education programme as part of the Computing curriculum/PSHE and other curriculum areas as relevant. This covers a range of skills and behaviours appropriate to their age and experience;
- plans online use carefully to ensure that it is age-appropriate and supports the learning objectives for specific curriculum areas;
- ensures staff are aware of their responsibility to model safe and responsible behaviour in their own use of technology, e.g. use of passwords, logging-off, use of content, research skills, copyright;
- ensures that staff and pupils understand issues around plagiarism; how to check copyright and also know that they must respect and acknowledge copyright/intellectual property rights;
- ensure pupils only use school-approved systems and publish within appropriately secure / age-appropriate environments.

**Staff and governor training**

This school:

- makes regular training available to staff on online safety issues and the school’s online safety education program;
- provides, as part of the induction process, all new staff [including those on university/college placement and work experience] with information and guidance on the Online Safety Policy
Parent awareness and training
This school:
• makes regular CEOP training for parents. To ensure parents are aware of changes to technology and new legislation.

Expected Conduct and Incident management

Expected conduct
In this school, all users:
• are responsible for using the school IT and communication systems in accordance with the relevant Acceptable Use Agreements;
• understand the significance of misuse or access to inappropriate materials and are aware of the consequences;
• understand it is essential to reporting abuse, misuse or access to inappropriate materials and know how to do so;
• understand the importance of adopting good online safety practice when using digital technologies in and out of school;
• know and understand school policies on the use of mobile and hand held devices including cameras;

Staff, volunteers and supply teachers
• know to be vigilant in the supervision of children at all times, as far as is reasonable, and uses common-sense strategies in learning resource areas where older pupils have more flexible access;
• know to take professional, reasonable precautions when working with pupils, previewing websites before use; using age-appropriate (pupil friendly) search engines where more open Internet searching is required with younger pupils;

Parents/Carers
• should know and understand what the school’s ‘rules of appropriate use for the whole school community’ are and what sanctions result from misuse.

Incident Management
In this school:
• there is strict monitoring and application of the online safety policy and a differentiated and appropriate range of sanctions;
• all members of the school are encouraged to be vigilant in reporting issues, in the confidence that issues will be dealt with quickly and sensitively, through the school’s escalation processes;
• support is actively sought from other agencies as needed (i.e. the local authority, LGfL, UK Safer Internet Centre helpline, CEOP, Prevent Officer, Police, IWF) in dealing with online safety issues;
• monitoring and reporting of online safety incidents takes place and contribute to developments in policy and practice in online safety within the school;
• parents/carers are specifically informed of online safety incidents involving young people for whom they are responsible;
• the Police will be contacted if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law;
• we will immediately refer any suspected illegal material to the appropriate authorities – Police, Internet Watch Foundation and inform the LA.

Managing IT and Communication System

Internet access, security (virus protection) and filtering
This school:
• informs all users that Internet/email use is monitored;
• has the educational filtered secure broadband connectivity through the LGfL;
• uses the LGfL filtering system which blocks sites that fall into categories (e.g. adult content, race hate, gaming). All changes to the filtering policy are logged and only available to staff with the approved ‘web filtering management’ status;
• ensures network health through use of Sophos anti-virus software (from LGfL);
• uses DfE, LA or LGfL approved systems including DfE S2S, LGfL USO FX2, Egress secure file/email to send ‘protect-level’ (sensitive personal) data over the Internet
• uses encrypted devices or secure remote access where staff need to access ‘protect-level’ (sensitive personal) data off-site;
• works in partnership with the LGfL to ensure any concerns about the system are communicated so that systems remain robust and protect students.

Network management (user access, backup)
This school:
• uses individual, audited log-ins for all adult users - the LGfL USO system;
• uses guest accounts occasionally for external or short term visitors for temporary access to appropriate services;
• ensures the Systems Administrator/network manager is up-to-date with LGfL services and policies/requires the Technical Support Provider to be up-to-date with LGfL services and policies;
• has daily back-up of school data (admin and curriculum);
• uses secure, ‘Cloud’ storage for data back-up that conforms to DfE guidance;
• Storage of all data within the school will conform to the EU and UK data protection requirements; Storage of data online, will conform to the EU data protection directive where storage is hosted within the EU.

To ensure the network is used safely, this school:
• Ensures staff read and sign that they have understood the school’s online safety Policy. Following this, they are set-up with Internet, email access and network access. Online access to service is through a unique, audited username and password.
• Makes clear that no one should log on as another user and makes clear that pupils should never be allowed to log-on or use teacher and staff logins;
• Has set-up the network with a shared work area for pupils and one for staff. Staff and pupils are shown how to save work and access work from these areas;
• Requires all users to log off when they have finished working or are leaving the computer unattended;
• Ensures all equipment owned by the school and/or connected to the network has up to date virus protection;
• Makes clear that staff are responsible for ensuring that any computer or laptop loaned to them by the school, is used primarily to support their professional responsibilities.
• Makes clear that staff accessing LA systems do so in accordance with any Corporate policies; e.g. Borough email or Intranet; finance system, Personnel system etc.
• Maintains equipment to ensure Health and Safety is followed;
• Ensures that access to the school’s network resources from remote locations by staff is audited and restricted and access is only through school/LA approved systems:
• Does not allow any outside Agencies to access our network remotely except where there is a clear professional need and then access is audited restricted and is only through approved systems;
• Has a clear disaster recovery system in place that includes a secure, remote off site back up of data;
• This school uses secure data transfer; this includes DfE secure S2S website for all CTF files sent to other schools;
• Ensures that all pupil level data or personal data sent over the Internet is encrypted or only sent within the approved secure system in our LA or through USO secure file exchange (USO FX);
• Our wireless network has been secured to industry standard Enterprise security level/appropriate standards suitable for educational use;
• All IT and communications systems installed professionally and regularly reviewed to ensure they meet health and safety standards;

**Password policy**

• This school makes it clear that staff must always keep their passwords private, must not share with others; if a password is compromised the school should be notified immediately.
• All staff have their own unique username and private passwords to access school systems. Staff are responsible for keeping their password(s) private.
- We require staff to use STRONG passwords which are changed on a regular basis
- We require staff using critical systems to use two factor authentication.

**E-mail**

**This school**

- Provides staff with an email account for their professional use, London Staffmail/LA email and makes clear personal email should be through a separate account;
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date
- We use a number of LGfL-provided technologies to help protect users and systems in the school, including desktop anti-virus product Sophos, plus direct email filtering for viruses.

**Pupils:**

- Pupils are taught about the online safety and ‘netiquette’ of using e-mail both in school and at home.

**Staff:**

- Staff will use LA or LGfL e-mail systems for professional purposes
- Access in school to external personal e-mail accounts may be blocked
- Never use email to transfer staff or pupil personal data. ‘Protect-level’ data should never be transferred by email. If there is no secure file transfer solution available for the situation, then the data / file must be protected with security encryption.

**School website**

- The Deputy Headteacher, supported by the Governing body, takes overall responsibility to ensure that the website content is accurate and the quality of presentation is maintained;
- The school website complies with statutory DFE requirements;
- Most material is the school’s own work; where other’s work is published or linked to, we credit the sources used and state clearly the author’s identity or status;
- Photographs published on the web do not have full names attached. We do not use pupils’ names when saving images in the file names or in the tags when publishing to the school website
Social networking

Staff, Volunteers and Contractors
- Staff are instructed to always keep professional and private communication separate.
- Teachers are instructed not to run social network spaces for student use on a personal basis or to open up their own spaces to their students, but to use the schools’ preferred system for such communications.

School staff will ensure that in private use:
- No reference should be made in social media to students/pupils, parents/carers or school staff;
- School staff should not be online friends with any pupil/student. Any exceptions must be approved by the Headteacher.
- They do not engage in online discussion on personal matters relating to members of the school community;
- Personal opinions should not be attributed to the school/academy or local authority and personal opinions must not compromise the professional role of the staff member, nor bring the school into disrepute;
- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information.

Pupils:
- Are taught about social networking, acceptable behaviours and how to report misuse, intimidation or abuse through our online safety curriculum work.

Parents:
- Parents are reminded about social networking risks and protocols through our CEOP training.
- Are reminded that they need to ask permission before uploading photographs, videos or any other information about other people.

CCTV
- We have CCTV in the school as part of our site surveillance for staff and student safety. We will not reveal any recordings without appropriate permission.

Data security: Management Information System access and Data transfer

Strategic and operational practices

At this school:
- The Head Teacher is the Senior Information Risk Officer (SIRO).
- Staff are clear who are the key contact(s) for key school information (the Information Asset Owners) are. We have listed the information and information asset owners.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in a single central record

**Technical Solutions**
- **Staff have secure area(s) on the network to store sensitive files.**
- We encourage staff to log-out of systems when leaving their computer
- **We use the LGfL USO AutoUpdate, for creation of online user accounts for access to broadband services and the LGfL content.**
- All servers are managed by DBS-checked staff.
- Details of all school-owned hardware will be recorded in a hardware inventory.
- Details of all school-owned software will be recorded in a software inventory.
- Where any protected or restricted data has been held we get a certificate of secure deletion for any server that once contained personal data.

**Equipment and Digital Content**

**Mobile Devices (Mobile phones, tablets and other mobile devices)**
- Mobile devices brought into school are entirely at the staff member, students & parents or visitors own risk. The School accepts no responsibility for the loss, theft or damage of any phone or hand held device brought into school.
- Mobile devices brought in to school are the responsibility of the device owner. The school accepts no responsibility for the loss, theft or damage of personally-owned mobile devices.
- Only students who walk to and from school alone should bring his or her mobile phone. Once at school they should be switched off and handed to the office for safekeeping until the end of the school day.
- Personal mobile devices will not be used during lessons or formal school time unless as part of an approved and directed curriculum-based activity with consent from Headteacher / SLT.
- No images or videos should be taken on mobile devices.
- Staff members may use their phones during school break times.
- All visitors are requested to keep their phones on silent.
- The recording, taking and sharing of images, video and audio on any personal mobile device is prohibited.
- The School reserves the right to search the content of any mobile devices on the school premises where there is a reasonable suspicion that it may contain illegal or undesirable material, including pornography, violence or bullying. Staff mobiles devices may be searched at any time as part of routine monitoring.
- If a student needs to contact his or her parents or carers, they will be allowed to use a school phone. Parents are advised not to contact their child via their mobile phone during the school day, but to contact the school office.
• Staff may use their phones during break times. If a staff member is expecting a personal call they may leave their phone with the school office to answer on their behalf, or seek specific permissions to use their phone at other than their break times.
• Staff should not use personally-owned devices, such as mobile phones or cameras, to take photos or videos of students and will only use work-provided equipment for this purpose.
• Staff are allowed to take mobile phones on school educational visits or school trips for use in an emergency.
• If a member of staff breaches the school policy then disciplinary action may be taken.

Digital images and video
In this school:
• We gain parental/carer permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter/son joins the school (updated annually);
• We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials/DVDs;
• If photos of pupils are used on the school web site the school ensures that these are deleted once the child leaves the school;
• The school blocks/filter access to social networking sites unless there is a specific approved educational purpose;
• Pupils are taught about how images can be manipulated in their online safety education programme and also taught to consider how to publish for a wide range of audiences which might include governors, parents or younger children as part of their computing scheme of work;
• Pupils are advised to be very careful about placing any personal photos on any ‘social’ online network space. They are taught to understand the need to maintain privacy settings so as not to make public, personal information.
• Pupils are taught that they should not post images or videos of others without their permission. We teach them about the risks associated with providing information with images (including the name of the file), that reveals the identity of others and their location. We teach them about the need to keep their data secure and what to do if they are subject to bullying or abuse.
